ADDED STABILITY WITH UNIQUE
SUSPENSION GEOMETRY AND
LINEAR SPRING DESIGN

FLEXLINK PRO™ SUSPENSION FOR
ADVANCED VIBRATION REDUCTION &
INDEPENDENT DRIVE WHEEL SUSPENSION

YOU'RE CLEARED FOR TAKE OFF

In the tradition of high-performance motors and gearboxes, the M5 takes control with a 7.5 mph motor package and superior torque. Coupled with a 14" seat elevator that maintains full suspension at any seating position and drive speed, piloting the M5 Corpus will help you take adventure to a new level.

FLEXLINKPRO™ | DRIVE LIKE A PRO

The M5 Corpus™ is unlike anything you have ever experienced. Our unique suspension geometry provides increased stability even in 14" of seat elevation. The FlexLink Pro™ suspension combines the advanced vibration suppression of FlexLink™ with independent drive wheel suspension, giving you the power to traverse all of life's obstacles while maintaining your desired seating position.

ACTIVEREACH™ | REACH FOR MORE

Your world isn't one dimensional. Your seat elevator shouldn't be either. ActiveReach™ technology is the ultimate advantage in accessing your environment. By combining 14" of seat elevation and up to 20° of forward tilt, Permobil's ActiveReach™ technology enables you to reach beyond obstructions, into high cabinets, and can even assist in transfers. Truly putting your world within reach.

CASTER GLIDE™ | RUGGED DETAILS

The rubber meets the road with our 8" aggressive or standard caster options. The M5's adjustment-free flutter damping device enables an intuitive driving experience even with a wide variety of drive controls. Finally, mid-wheel drive performance that lets you pivot like a pro.
