MANUAL WHEELCHAIRS

Precision Lock Technology

Precision Lock technology from Permobil is the most intuitive and easy-to-use adjustment system on the market. Together, the Precision Lock caster and back angle adjustments compose an exact fit and effortless ride.

- ① Precision Lock Back Angle Adjustment
- ② Precision Lock Caster Adjustment

Precision Lock Back Angle Adjustment

The Precision Lock Back Angle Adjustment is visually appealing with its clean, compact design. Unlike other systems, where you are limited to predefined adjustment slots, the Precision Lock back offers infinite possibilities for an exact fit each and every time. Critical adjustments can now be made while the user remains in the chair, saving time and reducing inconvenience.

Exact angle
that fits you

Precise & easy adjustments
for maximum stability

Precision Lock Caster

With an unrestricted range of movement, the streamlined design of the Precision Lock Caster reduces complexity and the number of steps required for adjustment. Your chair can now be adjusted in a matter of minutes.

Less is More

Precision Lock combines a minimal design with unmatched adjustability and performance. With its innovative friction based locking mechanism and single bolt release, you have infinite adjustment possibilities that are as simple as loosen, adjust, torque, and roll.
